

You Sell – We Ship

Our Zoya affiliate programme is now up and running! This means you can create your own website domain to recommend and sell polishes to your customers.

Why choose the affiliate programme?

Our affiliate system is a FREE way to earn some extra money on top of your professional services. Per polish purchased through your personalised website, you'll earn 43.59% commission excluding VAT. All you have to do is sign up and recommend products whilst we pack and ship any orders placed.

Not only will it earn you some extra money, it's a great way for your customers and clients to get exactly what polish they want, as we stock over 600 colours in a range of different finishes.

How do I get my own domain?

Log into your supernail.co.uk account and click on your name to edit your details. You'll then be able to view your personal details and choose your own website domain. Make sure all your bank account information is filled out too, so we're able to pay you your commission.

How often will I get paid?

When an order is placed on your personalised zoyapolish.co.uk website, your customer will have a 14 day cooling off period to return their item. Once the cooling off period is up, and your customer is happy with their purchase, we'll add the sale to your total earnings, and you'll start to receive monthly payments.
